Sfumato Slim Collection

The Sfumato takes inspiration from Renaissance art. Its slimline case houses a dial with a subtle tone-on-tone gradation, creating a gentle depth. The collection asserts its personality and remarkable balance through the gracefully thinner case, made possible by a minimized automatic movement just 2.60mm thick, manufactured in-house by Franck Muller's master watchmakers.

Reference V 41 S S6 AT FO SFUMATO (TT)

Functions Hours, Minutes, Seconds at 6 o'clock

Movement MVT FM 708-S6
